

AGNESS ROAD RECONSTRUCTION PHASE 2

This Week

Laskey-Clifton will bring in construction equipment to begin work for the 2012 construction season. Traffic Control and Erosion Control measures will be implemented Monday, June 04, 2012. They will layout the grinding and paving areas before starting the 25mm and full depth grinding on Tuesday. Grinding will start at the end of the project and work towards the beginning of the job, followed behind by paving the grind areas beginning Thursday (weather permitting.) One lane of traffic will be maintained through construction operations with a maximum traffic delay of thirty minutes.
