BEAVER CREEK ROAD NEWSLETTER

Construction Progress

Tidewater Contractors Inc. continued excavation and embankment at the north end of the project mainly in the realignment sections. The surveying crew continued survey staking at pipe culvert locations at the north end of the project.

Dunn Bros and EAC Fencing continued work on installing new right-of-way fence at the south end of the project near the intersection with SE Lister Road.

Construction Activities for the week ending October 30, 2009

Tidewater Contractors, Inc will continue site cleanup throughout the project for the following week. Crews will also begin placing erosion control measures to prepare site for winter shutdown. The erosion control measures will include rip rap installation at new pipe culvert locations and temporary soil tackifier application on excavation and embankment areas. Starting Monday, Tidewater will also begin installing pipe culverts at the north end of the project as the survey crew continues staking the culvert locations.

Dunn Bros and EAC Fencing will continue construction of the right-of-way fence.

Flaggers will be on duty to maintain traffic flow and facilitate the safety of the travelling public through the project. Significant traffic delays during construction are not anticipated for the following week. A maximum delay of 30 minutes is allowed between the hours of 8 a.m. and 4 p.m. and between 5 p.m. and 6 a.m.

Completed Side Slope

New Roadway Alignment Construction

Contractor's Work Schedule
Monday thru Thursday - Hours: 7am - 5pm
